

LIVING IN A SACRED WAY

AT RIVERSONG VILLAGE

Openings for Organic Gardener, Builder, Assistant Manager

RiverSong Village

The South Fork of the Trinity River runs along the western edge of RiverSong Village and helps to inspire a clear, vibrant energy reminding us of the ever-changing nature of life. We have a house and 7 cabins on 4 beautiful acres. The South Fork is a designated Wild and Scenic River and has awesome swimming holes, great beauty and it supports abundant wildlife. The setting is a very beautiful, peaceful valley with a friendly local community of 240 people.

Looking upriver

RiverSong Village is a small community located in the Hyampom Valley of Trinity County (Northwestern California). Our lives are based on living and working in a sacred way. RSV is in the process of evolving into a temple-like space and also being supportive to a lifestyle of daily practice. We are looking for a few people who would like to live and be a part of this co-creative process. While our primary focus is traditional yoga, we are open to all spiritual paths especially those that are Eastern in nature.

Looking downriver

We are also the home of Eden Botanicals – a prospering essential oil company and our cottage business. We have openings for Assistant Manager of Eden Botanicals and also for a gardener/landscaper, and a builder/maintenance person for RSV. For those with their own income, living space may be rented. We are seeking non-smoking, non-drinking, & responsible individuals, couples or small families.
